

IPL / CRYO / LIPO LASER

Permanent Hair Reduction

Super Laser Hair Removal which uses a patented technology.

SLHR Permanently destroys hair follicles by using low fluence repetitive laser pulses, targeting the susceptible hair follicles while at the same time providing concurrent contact cooling, resulting in painless and permanent hair removal. Course includes 6 treatments. May require 6 to 10 treatments.

Lipo Laser & Skin Tightening

Prices from £110 per treatment/area.

Have you got a stubborn bit of fat that does not go away? Cellulite? Loose skin? And nothing is working for you, not even the gym?

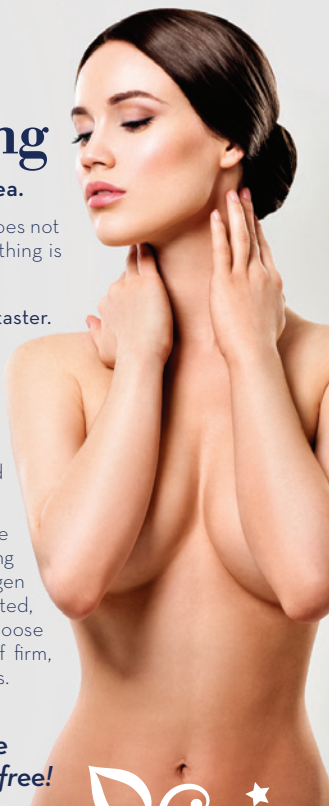

Come and try our Lipo laser with a free taster.

Laser lipo is a new cosmetic procedure to remove body fat. As effective as traditional liposuction without a hospital stay. The laser lipo suction technique uses lasers to break up fat before its removal from the body, reducing the need for harsh suction.

Laser Skin tightening is a safe, effective way to lessen the effects of time, using advanced laser technology. The collagen beneath the surface of the skin is heated, causing it to constrict, thus tightening loose facial skin and giving the appearance of firm, youthful skin with fewer lines and wrinkles.

See instant results pain and fuss free.

Buy a course of 8 and get 2 free for body or face, or buy 5 get 1 free!
